

NOWHERE

Quick Start Guide

Use Google Chrome

NOWHERE works best in a Chrome browser. Firefox, Opera and Edge browsers work too.

Wear Headphones

Get the full spatial audio experience. None available? Be sure to check "Enable Echo Cancellation" in the A/V menu (**v** Key).

Close All Apps & Tabs

For the best performance we recommend keeping ONLY the NOWHERE tab open.

Say Cheese

NOWHERE is a camera on experience; check the A/V menu (**v** key) to make sure your camera and mic are working.

Menu

To see all settings and controls, hit the menu icon in the bottom left corner of your screen.

Connect

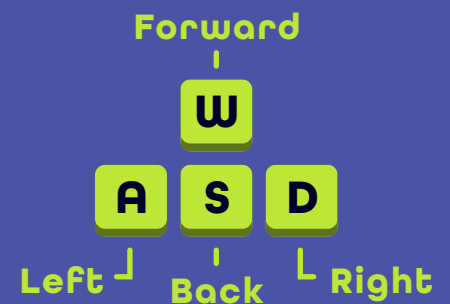

Want to trade info with someone? Click their pod and press the icon on the top right. After connecting, you can find their contact info on your orbit page (**c** key).

Explore Worlds

Tired of this world? Hop in between spaces with the portals page (**j** key).

Movement

Perspective

Click + Drag to Look Around

Hot Keys

space = Jump

shift = Faster

m = Mute Mic
